ORION

ORION COMPANY

We offer international patients Japan's most advanced medical care and techniques, with high quality services.

Key Strengths for Medical Treatment in Japan

- Low cost of medical treatments
- Quality of healthcare service
- Infrastructure of healthcare facilities
- Highly trained and skilled healthcare staff
- Accessibility to most advanced diagnostic equipment
- Specialty Treatment facilities for a range of ailments including life threatening diseases

At present the company successfully develops the following projects:

We provide in country-transportation, clinic registration and comprehensive support for patients before, during, and after their stay.

MEDICAL TOURISM TO JAPAN

Orion provides medical treatment in the best hospitals in Japan:

Japan has a lot to offer to anybody visiting there as a tourist. The rich culture, serene beauty of the place and warmth of Japanese hospitality has always attracted tourists to this place. In recent times, however, getting best-of-the-breed healthcare has been added to the list of reasons for visiting Japan.

As a country, Japan enjoys the best health status in the world, with the highest life expectancy and lowest infant mortality rate.

- Comprehensive medical checkup and screening programs
- Second opinion service
- Medical treatment
- Operations and rehabilitation programs

MEDICAL EVACUATIONS AND ASSISTANCE

Dispatch of doctors, medical equipment and medicine

Hospital preparation

Guarantying the payment of medical expenses to the hospital

Relaying medical information and treatment to the person concerned

Hotel Arrangements for Convalescence

SUPPLY OF MEDICINES AND PHARMACEUTICALS

Orion is a supplier of the medical equipment, medicines and biologically active supplements to the Russian market. At present the company has exclusive rights to deliver a number of brands and product lines from the largest producers of Japan.

TRAINEESHIP FOR FOREIGN DOCTORS IN JAPAN

Orion is engaged in the organization of joint programs on an exchange of experience between medical institutions of Japan and Russia. These programs allow doctors from Russian state and private clinics to take advanced training courses, training in the most advanced medical centers of Jaan.

GUARANTOR SERVICE FOR MEDICAL STAY VISAS

In January 2011, the Japanese government relaxed regulations and lifted the prohibition on visas for medical stays for foreign patients. The visa for medical stay has lowered the visa barrier for foreign patients whose objective is medical care.

As a guarantor organization, Orion provides smooth travel support for foreign patients seeking treatment.

At present the company successfully
develops the following projects:

Medical Tourism to Japan
Medical Evacuations and Assistance
Supply of Medicines and Pharmaceuticals
Traineeship for Foreign Doctors in Japan
Guarantor Service for Medical Stay Visas
